

ECOFLEX WILDLAND 'CLASH' FIREFIGHTING ENSEMBLE

EcoFlex is a lightweight wildland ensemble designed specifically for the challenges faced by Australasian firefighters.

Ergonomically designed, EcoFlex provides the ultimate in fit and comfort for the maximum number of body types. EcoFlex has distinctive sports styling suitable for the hazardous roles associated with a wildland firefighter's work.

JACKET

- A.** Collar and stowable throat tab shaped to provide optimal compatibility and protection with Pacific Helmet range.
- B.** Shoulder shaped with increased upper sleeve allows full rotational mobility in the shoulder and arm.
- C.** Shaped panel over the shoulder eliminates the shoulder seam and makes a smoother line with greater comfort.
- D.** Increased underarm gusset allows more manoeuvrability when reaching.
- E.** Underarm vents for increased air flow.
- F.** Nomex® cuff with neoprene anti-wicking barrier.
- G.** Hook and loop fastening wrist tabs with silicone coated para-aramid around the perimeter.
- H.** Moulded zip with hook and loop flap.

I. Hanging loop centrally located at the rear of the collar.

J. Two front breast pockets and two box belled pockets, all with drainage holes. Microphone loop and adjustable torch loop.

K. American Specification 3M perforated triple trim with Trim Saver.

L. Rank slide front centre of jacket.

M. Large logo / service branding area on the back of the jacket.

TROUSERS

- N.** Two side slant pockets, two patch pockets on back hips secured with hook and loop and two bellow pockets secured with hook & loop.
- O.** Moulded zip with flap.
- P.** Belt loops.
- Q.** Hook and loop fastening ankle tabs with silicone coated para-aramid around the perimeter for increased durability.
- R.** American Specification 3M perforated triple trim with Trim Saver.

FABRIC OPTIONS

Pac Fire's standard EcoFlex Wildland 'clash' garments are constructed with a lime coloured Karvin **(i)** outershell fabric.

Karvin is an inherently fire resistant technical fabric by Estambri. This lightweight fabric has been specifically designed for wildland firefighting applications and provides optimum protection against radiant and convective heat as well as outstanding abrasion, colour fastness and strength.

EcoFlex Wildland is available in Karvin (pictured), Eco-Dry Shield and Vulkan. Lead times will apply to a change of fabric or customisations to the garment.

PRODUCT SPECIFICATIONS

APPLICATION	Wildland Firefighting Technical Rescue
SIZES	28 Male 28 Female Made to measure sizes are available
CERTIFICATION	AS/NZS 4824:2006

ECOFLEX WILDLAND 'EVO' FIREFIGHTING ENSEMBLE

Ecoflex Wildland 'Evo' is a variation on the popular EcoFlex Wildland design.

Developed for wildland firefighting operations in Australia, the garment delivers paramount mobility and manoeuvrability to the wearer.

MSA Bristols inclusive sizing range that spans 28 male and 28 female sizes as standard with made to measure options available to ensure the perfect fit.

JACKET

- A.** Collar and stowable throat tab shaped to provide optimal compatibility and protection with Pacific Helmet range.
- B.** Shoulder shaped with increased upper sleeve allows full rotational mobility in the shoulder and arm.
- C.** Shaped panel over the shoulder eliminates the shoulder seam and makes a smoother line with greater comfort.
- D.** Increased underarm gusset allows more manoeuvrability when reaching.
- E.** Underarm vents for increased air flow.
- F.** Elasticated cuffs with hook and loop fastening wrist tabs.
- G.** Brass zip with hook and loop flap. Pen pocket located inside flap.

S. 3M™ SCOTCHLITE™ 5690 series, heat transfer triple trim.

FABRIC OPTIONS

Pac Fire's standard Ecoflex Wildland 'Evo' garments are constructed with a yellow Vulkan (i) outershell fabric.

Vulkan is a inherently fire resistant technical fabric by Santandarina. Vulkan's RipStop composition consists of an intimate blend of Lenzing FR, Meta- Aramid and Para- Aramid providing outstanding tensile strength, abrasion and breathability equating to the perfect balance between comfort and protection. Vulkan is available in a range of different colours, a selection pictured on the garment above.

Ecoflex Wildland is available in Karvin, Eco-Dry Shield and Vulkan (pictured). Lead times will apply to a change of fabric or customisations to the garment.
