

NSW RFS RANK DECAL APPLICATION INSTRUCTIONS

RANKRFS INSTR++ KIT CONTENTS

2x Rank Wording black lettering "MEDIA"

RANK / POSITION: MEDIA

THIS RANK / POSITION DOES NOT INCLUDE THE NSW RFS DECAL ON THE FRONT OF THE HELMET SHOWN IN IMAGES BELOW.

BEFORE GETTING STARTED

- Remove the Face Shield from the helmet.
- Use a soft cloth to clean the helmet shell from dirt and debris.

RANK WORDING

RANK WORDING IS AVAILABLE IN DIFFERENT COLOURS AND CONFIGURATIONS DEPENDING ON YOUR RANK / POSITION. FOR THE PURPOSES OF THESE INSTRUCTIONS, 'CATERING' IS PICTURED.

- RW1. There are two stickers in a rank wording decal kit - both the same size.
 RW2. They are positioned on the helmet in the valley on either side of the second ridge from the center.
 RW3. Run your thumb over the letters to ensure they're adhered to the face paper and the sticker is ready for application.
 RW4. Align the sticker with the edge of the Easi On Off Torch Base..
 RW5. Slowly and carefully remove the backing paper from the letters - the adhesive side will now be exposed.
 RW6. Apply the sticker, aligned with the Easi On Off Torch Base.
 RW7. Run your thumb over the letters several times with the face paper still attached to make sure they are firmly adhered and to press out bubbles and creases.
 RW8. Remove the face paper.
 RW9. Looking at the front of the helmet - align your second rank word with where the first one ended on the right hand side.
 RW10. Run your thumb over the letters on the second sticker a few times to ensure they're all adhered to the face paper and the sticker is ready for application.
 RW11. Slowly and carefully remove the backing paper from the letters.
 RW12. Apply the sticker, aligned with your first rank wording sticker.
 RW13. Run your thumb over the letters with the face paper still attached to make sure they are firmly adhered and to press out bubbles and creases.
 RW14. Remove the face paper.
