

BRIGHT ELED LIGHT RIGHT WHERE IT'S NEEDED

The Lighthouse is a multi-functional personal lighting device.

It can be handheld like a traditional flashlight, worn on a safety vest as well as wildland or structural firefighting clothing, magnetically mounted on a metal work area, or stood up on any flat surface.

The fully adjustable head can be moved and positioned in any direction to send the light exactly where you need it. It is the world's most versatile flashlight in a compact, lightweight, and user-friendly design.

- Certified Class 1, Division 1 Intrinsically Safe
- Enclosed protection IP67
- eLED with a 8.5 hour burn
