

SMALLER. LIGHTER. BRIGHTER.

The 3AA eLED from Underwater Kinetics is a flashlight with superior LED technology that is lightweight and affordable.

In fact it's the most compact light in its class, so it can go anywhere you go, via pocket, belt pouch, or helmet clip. It features an entirely waterproof design for all weather use.

The 3AA eLED incorporates Compound Path Optics (CPO) technology, which improves visibility and efficiency. It allows you see further in poor visibility conditions like fog, smoke, rain, snow, and murky water.

Certified for use in hazardous locations - rated intrinsically safe.

- Certified Class 1, Division 1 Intrinsically Safe
- Enclosed protection IP67
- eLED with a 8 hour burn
- Light output 110lm
- Beam distance 92m
- Depth rating 3.05m
- Thermal recovery system transfers heat from LED to warm batteries for better cold weather performance
- Push button tail switch, switches light between ON/OFF with continuous or momentary action
- Compound Path Optics (CPO) technology improves visibility and efficiency - especially in poor visibility conditions
- Powered by 3AA / LR6 Alkaline Batteries
- Can be mounted on any helmet or hard hat using the B2066114 Helmet Clip
