

SAFE EQUIPMENT AND SURFACE CLEANER & DEGREASER

“Clean” doesn’t necessarily mean safe. SC-14 is all purpose cleaner and degreasing agent that not only removes dirt, grease and grime - but also cleans away contaminants and carcinogens. SC-14 has been formulated to remove dirt and contaminants without compromising the integrity of the item your cleaning. It’s non-corrosive formula is free from sodium hydroxide and sodium metasilicate, common ingredients in other cleaning solutions which can permanently dull or damage painted surfaces, metals, glass and decals.

- For routine cleaning of helmets, equipment and surfaces
- Easy to use, all purpose cleaning and degreasing solution
- Effective on grease, grime soil and hydrocarbons
- Cleans away potentially harmful contaminants and carcinogens
- Environmentally friendly, biodegradable and non-corrosive formula
- Free from potentially damaging sodium hydroxide and sodium metasilicate
- Available in a convenient 946ML spray bottle
- Tested and supported by the industry leading helmet manufacturer - Pacific Helmets

SC-14 IS A SAFE AND EFFECTIVE CLEANING SOLUTION FOR:

- Helmets
- Trucks and Equipment
- Thermal Imaging Cameras
- Fire Station Walls and Cabinets
- Diamond Plate
