## **CLEANING & MAINTENANCE:**

To clean the goggle, remove the lens and clean separately. ESS lenses have been specially coated to offer outstanding abrasion and fog resistance. Special care is required to keep them performing at their best.

- Clean the lens with water only. Do not use cleaners or solvents.
- Use a soft cotton or microfiber cloth and gently wipe clean. Never use paper products to clean the lenses and avoid wiping lens surface when dry and dirty as this may scratch the lens.
- The frame and strap may be gently hand washed in a mild soap solution, rinsed and air dried.

Store goggle in a cool, dry place. Do not store in direct sunlight or anywhere that temperatures exceed 63C/145F. If storing the goggle on a helmet, loosen straps to prevent stretching. Replace lens if cracked or severely scratched.

## **THIS GOGGLE IS DISTRIBUTED BY:**

- Pacific Helmets (Aust) Pty. Ltd., Unit 10, 156 Hartley Road, Smeaton Grange, NSW 2567 AUSTRALIA
- Pacific Helmets (NZ) Ltd., PO Box 866, 315 Heads Road, Wangarui NEW ZEALAND
